F4L-E (12.020.026)

Table top single electric fryer with one removable basin 1/3 and 150 mm deep. Stainless steel construction. Equipped with thermostat 50-200°C and OFF position, pilot lamp, power indication lamp and thermal fuse 230°C. Micro-switch at the head of the unit to cut the power by removing the head. Basket with breakable handle.

Operating voltage: 230 VAC/50-60Hz
Power: 2000W
Dimensions: 175x395x270mm
Capacity: 4 lit.

141 €

F4+4L-E (12.020.029)

Table top double electric fryer with two removable basin 1/3 and 150 mm deep. Stainless steel construction. Equipped with 2 thermostats 50-200°C and OFF position, pilot lamps, power indication lamps and 2 thermal fuses 230°C. 2 Micro-switch at the head of the unit to cut the power by removing the head. Baskets with breakable handle.

Operating voltage: 230 VAC/50-60Hz
Power: 2x2000W
Dimensions: 350x395x270mm
Capacity: 2x4 lit.

276 €

F6L-E (12.020.003)

Electric 6 lt. deep frying table top unit. Special design, total cover of the bucket's bottom by the heating element, resulting a uniform oil heating and speed-up of working circle, hinged element, removable bucket, stainless steel body and bucket, adjustable and OFF position thermostat 50-200°C, pilot and power lamps and thermal fuse.

Operating voltage: 230 VAC/50-60Hz
Power consumption: 3000W
Dimensions: 290x480x330mm
Capacity: 6 litters

F6+6L-E (12.020.004)

Double electric 12 lt. deep frying table top unit. Special design, total cover of the bucket's bottom by the 2 heating elements, resulting a uniform oil heating and speed-up of working circle, 2 hinged elements, removable buckets, stainless steel body and buckets, 2 adjustable and OFF position thermostats 50-200°C, pilot and power lamps for each bucket and 2 thermal fuses.

Operating voltage: 230 VAC/50Hz
Power consumption: 2x3000W
Dimensions: 590x480x330mm
Capacity: 2x6 liters

350 €

F8L-E (12.020.009)

Electric 8 lt. deep frying table top unit with specially designed cold zone so, as to achieve uniform oil heating and fast frying. Total cover of the bucket's bottom, hinged heating element, oil filter, internal drainage tap & pipe, stainless steel body and bucket, adjustable and OFF position thermostat 50-200°C, pilot and power lamps and thermic fuse.

THIS MODEL INCLUDE A WATER TAP

Operating voltage: 230 VAC/50-60 Hz
Power consumption: 3000W
Dimensions: 320x460x410mm
Capacity: 8 liters

283 €

F8+8L-E (12.020.010)

Double electric 8+8 lt. deep frying table top unit with cold zones. Special design, total cover of the bucket's bottom by the 2 heating elements, resulting a uniform oil heating and speed-up of working circle, hinged elements, 2 oil filters and 2 drainage taps, stainless steel body and buckets, 2 adjustable and OFF position thermostats 50-200°C, indication and power lamps for each bucket and 2 thermal fuses.

Operating voltage: 2x(230VAC/50Hz)
Power consumption: 2x3000W
Dimensions: 630x460x410mm
Capacity: 2x8 liters

F6L-GTH (12.120.001)

Gas table-top single frying unit with deep removable enameled basin and anti-splash surround. Stainless steel body. Equipped with safety cut-off device that stops passage of gas in case of malfunction, pressure-electric lighter and 50-200°C thermostat overheat protection 230°C.

Capacity: 6 liters
Power consumption: 6,5kW
Dimensions: 290x580x500mm

* Alternative nozzles of gas are available on request.

635 €

F6+6L-GTH (12.120.002)

Gas table-top double frying unit with deep removable enameled basin and anti-splash surround. Stainless steel body. Equipped with safety cut-off devices that stop passage of gas in case of malfunction, pressure-electric lighters and 50-200°C adjustable thermostats and overheat protection 230°C.

Capacity: 2 x 6 Lt
Power consumption: 13kW
Dimensions: 650x580x500mm

* Alternative nozzles of gas are available on request.

1224 €

F12L-BE (12.020.022)

Self-standing electric deep frying unit with cold zone. Special design, total cover of the bucket's bottom by the heating element, resulting a uniform oil heating and speed up of working circle. Equipped with hinged element, oil filter, removable drainage bucket with filter. Stainless steel body and bucket. Power and pilot lamps, 50-200°C adjustable and OFF position thermostat, safety thermostat.

Operating voltage: 3x230VAC/50Hz
Power consumption: 7500W
Dimensions: 400x600x1020mm
Capacity: 12 liters

725 €

F24L-BE (12.020.023)

Double self-standing electric deep frying unit with cold zones. Special design, total cover of the bucket's bottom by the heating element, resulting a uniform oil heating and speed up of working circle. Equipped with hinged elements, oil filters, removable drainage buckets with filter. Stainless steel body and bucket. Power and pilot lamps, 50-200°C adjustable and OFF position thermostats, safety thermostats.

Operating voltage: 3x230VAC/50Hz
Power consumption: 15000W
Dimensions: 780x600x1020mm
Capacity: 2x12 liters

1375 €

Salamander Quartz - B1 (12.031.013)

Salamander with 4 quartz heating elements. Stainless steel construction. Equipped with a 15 min. timer and and 4 position operation switch. The appliance will be delivered with one grill and a handle.

Operation voltage: 230VAC/50Hz
Power: 4x430W
Dimensions: 470x250x240mm
Weight: 10 kgr

161 €

Salamander Quartz-B2 (12.031.014)

Salamander with 6 quartz heating elements. Stainless steel construction. Equipped with a 15 min. timer and and 4 position operation switch. The appliance will be delivered with one grill and a handle.

Operation voltage: 230VAC/50Hz
Power: 6x430W
Dimensions: 470x250x355mm
Weight: 12 kgr

217 €

Salamander ALFA (12.031.015)

Small dimensions salamander. Stainless steel construction. Operation with a simmerstat position 1-12. The appliance will be delivered with one horizontal grill.

Operation voltage: 230VAC/50Hz
Power: 2200W
Dimensions: 500x300x280mm

235 €
